SHIPS WILL KEEP TOGETHER AND PRESENT SOLID FRONT

Washington, Apr. 23 [Special]—The blockade of Cuba will be practically confined to the larger cities. A prize crew was immediately sent aboard and the captured vessel was brought to this port. The New York gave chase to another freighter and fired a shot at her, when the pursued vessel hoisted the German flag and was allowed to proceed.

not feel that they could leave their families to shift for themselves, while the other two "didn't want to go." So all but four members of the company will carry arms in defense of their country.

Veterans Volunteer

A dispatch from Washington says Representative Cooper has received a letter from City Atty. McElroy of Janesville, who was a graduate of the Annapolis Naval academy, offering his service in the navy, and one from Theo. W. Goldin, clerk of the circuit court of Rock county, with a similar offer with respect to military service.

Col. Goldin has had several years of active service in the regular army, having been with General Custer on the Little Big Horn. He received a medal of honor from the government for bravery in that fateful engagement. In addition, he has served in the National guard for some years.

There are quite a number of retired officers of the Wisconsin National guard who can be called upon if their services are needed. Gen. Louis Auer, Gen. Otto Falk and Gen. J. B. Doe have already offered their services to Gov. Scofield and are ready to go at any time.

Captain Joseph B. Whiting, Jr., has offered his services to the government as a surgeon in the navy. If the offer

is accepted, he will go with the First regiment, of which he is senior assistant surgeon. Captain Whiting has been in the National Guard for more than fifteen years.

No Legislative Action.

Governor Scofield says he does not think it necessary for Wisconsin to follow the example of some of the other states in calling a special session of the legislature for the purpose of placing the National guard on a war footing. The Wisconsin troops are on as good a footing as could be desired, and under the law the governor has the power to make any additional provision that may be necessary.

COMMISSIONER FRICKE SUS-TAINED IN INSURANCE CASE

Companies Will Be Compelled to Pay All Back Taxes or Quit Business Here—Angus Smith, Milwaukee's Elevator King, Dies of Paralysis—Prattage Physician Dead.

Madison, Wis., April 23.—The cases of the Fidelity & Casualty company and of the Metropolitan Plate Glass Insurance company against the commissioner of insurance came to a hearing before Judge Siebeker yesterday afternoon. In each of these, as in other cases of accident insurance, the commissioner has refused to renew the license of the companies unless they pay in the way of back taxes \$300 for each year since they came into the state, with interest from the beginning of each year to the day of payment. The demand is based on an opinion of the Supreme court rendered in a case of the Traveler's Insurance company, in which the 2 percent per annum was sought to be recovered which that company had not paid. The supreme court decided that it should have paid not only the 2 percent claimed, but \$300 per year besides. The latter part of the decision is claimed to apply to every accident and special property insurance company in the state. Judge Siebeker sustained the demand of the commissioner. The case will doubtless be appealed.

Mr. Smith has been in failing health for the past four or five years, but he kept up his active interest in business affairs almost to the end.

He suffered from a sort of paralysis, which made it necessary for him to have a constant attendant. He spent the winter in Arizona, returning about ten days ago, much feebler than he went. Since then he failed rapidly, and on Thursday it was foreseen that the end was near. Yesterday he was in a state of semi-unconsciousness, growing weaker, and death came at about 7 o'clock.

He was the inventor of several surgical appliances now in general use.

SAY FAREWELL TO PASTOR-COMRADE

PARTING RECEPTION TO REV. THOMPSON LAST NIGHT.

His Friends and Grand Army Associates Give Him God Speed to His New Home—Tributes to His Worth From Those Who Knew Him Well.

The Janesville reception given last evening to Rev. H. W. Thompson and wife at the Armory was a pronounced success in every detail. It was given under the auspices of W. H. Sargent Post G. A. R., the Women's Relief Corps, and Company A. Wisconsin National Guards, and between seven and eight hundred persons were present.

Commander C. D. Child was in charge of the program, which was to a great extent, impromptu. The Y. M. C. A. band furnished instrumental music, and the male quartette sang. It was noticeable that the airs of a patriotic character discoursed by the band were loudly encored, and much of the war enthusiasm that characterized the people in 1861 was manifest. Owing to the length of the program, however, no responses were permitted.

Misses Imogene McDonald and Estes Hardy gave some excellent recitations appropriate to the occasion. Tributes to the Evening's Guest. Captain Pliny Norcross, Rev. E. H. Pence, and Rev. W. H. Hall spoke briefly, each having a word of praise to speak of the recipient of the evening's ovation. Reference by Captain Norcross to the pending war with Spain elicited the loudest applause. He referred in terms of highest praise to the guest of the evening, the soldier-preacher.

Rev. Mr. Pence spoke feelingly of the regret felt by all at parting with Mr. Thompson, and paid an eloquent tribute to his worth as a man and as a soldier, but insisted that his record of fourteen hard battles was as nothing compared to the fact that he had once been a member of the Michigan legislature.

Rev. Mr. Hall proved himself "a jolly good fellow," by a racy speech brimming over with patriotism, good fellowship and fraternality, illustrated by many amusing anecdotes.

Dr. Whiting's Remarks.

On behalf of the friends of the departing clergyman, Dr. J. B. Whiting then presented to Mr. Thompson a solid gold G. A. R. badge, indicating a captain's rank, on behalf of the members of W. H. Sargent Post. He complimented the guest of the evening in a few felicitous remarks, speaking of his being ordered to his post in this city, and complimented him on his ready obedience, even though the road was rough and rocky at first, and on his patient and persistent work which had won him so many friends. His comrades were proud of him. Their admiration had grown into an abiding love, of which the badge was but a slight testimonial.

The venerable doctor then pinned the badge upon the recipient's coat amid a round of generous applause.

In response Mr. Thompson said he had never passed such an hour in his life and words were insufficient to express his appreciation. He explained his reasons for leaving the Methodist church, in which he had labored twenty-eight years, and going into one where denominational lines were disregarded. He then referred to the present war, talking in his usual eloquent manner, and closing by thanking all who had joined in the reception and by assuring him of his warm affection.

Dr. Mills Pays a Tribute

Miss Ella Mills spoke a few parting words to the pastor expressive of the affection felt for him among the younger members of his late congregation, when Mr. James Mills, in behalf of the Oaledonian Society, presented Mr. Thompson with handsomely bound volumes of Ian MacLaren's works. In concluding his remarks Dr. Mills said:

Brother Thompson, in behalf of the Oaledonian society, and as a mark of esteem and great regard for you as a member, allow me to present you with these writings of Ian MacLaren, and as we say good bye to you, your wife and little daughter, we can cheerfully unite with the poet in saying:

"Then let us pray, that come it may, As come it will, for a' that, That man to man the world o'er, Shall brothers be for a' that."

Again Mr. Thompson returned his thanks, and after cheers from his Grand Army comrades and from the National Guards the company dispersed.

SCOFIELD WANTS ANOTHER TERM

WILL MAKE NO ACTIVE CAN VASS FOR NOMINATION.

He Would Feel Complimented, However, If Selected, and Would Make the Race With Vigor—Points to His Record During His Present Term With Pardonable Pride.

Oconto, Wis., April 22—Governor Scofield will be a candidate for renomination before the next republican state convention. That much is settled definitely by his statement to that effect to a correspondent last night. The reports which have been given currency in certain quarters that he might decline to be a candidate or that he might be forced out of the field in the interest of some other candidate have no foundation, for the governor's statement is explicit.

He came to Oconto yesterday on invitation of Ramsay post; G. A. R., to attend its campfire last evening. His attention was called to the reports being circulated by certain papers to the effect that at a meeting of some Republican leaders held recently, it was determined that he should not be a candidate, and he himself had decided not to reenter the field. The governor said he had heard the story, but hadn't paid any particular attention to it. He thought, however, that there must be some mistake about the statement, as he had not been consulted upon the subject by anyone.

Avows His Purpose. When the question was put to him direct whether he intended to be a candidate for renomination, Gov. Scofield said:

"Yes, I shall be a candidate before the next republican state convention. I have not expressed myself on this subject before and I do so now because I think the proper place to do it is in my home city. You may publish the statement, therefore, that I shall be a candidate."

"When I go before the convention it will be without having raised my hand to secure a renomination. However, one may be justified in earnestly seeking for the first time an election to the office of governor, it would be unseemly, if not positively wrong, for one who has filled the office for one term to attempt to force from his party or the people who have watched his administration, a favorable verdict in his own behalf."

Points to His Record.

"My record as governor is an open book to be read by all. It is satisfactory to the people of the state and they select me again to fill the office, I shall try as earnestly to do my duty as I have during this administration. "If the republicans at the state convention prefer some one to me to head their ticket, I shall support their choice as earnestly as if it were myself, and, when my present term is ended lay down the burdens of office with the same loyalty toward my party, and the same gratitude for the high honor already conferred upon me, as I felt when I took up these burdens sixteen months ago."

The two-year-old son of W. L. Ferguson, of Bolton, Miss., had whooping cough. "After several physicians had prescribed for him without giving relief," writes Mr. Ferguson, "I persuaded my wife to try a 25 cent bottle of Chamberlain's Cough Remedy. The first dose had the desired effect, and in forty-eight hours he was entirely free on all cough. I consider your remedy the best in the market, especially for children and recommend it at all times." The 25 and 50 cent sizes for sale by People's Drug Co., corner Main and Milwaukee street.

WHERE THE LABORER FARES BEST

Recently gathered statistics show that nearly all of the real and personal property of Great Britain amounting in value to \$63,364,234,940 is in the hands of about one-thirteenth of the population, while twelve thirtieths own so little as to escape the inheritance tax upon estates of \$500 and over and the tax upon all incomes of \$750 and over. Of the remaining thirteenth, a trifle over 3,000,000 in number, 16,215 persons are very rich and own between them over a fourth of the aggregate wealth of the kingdom. The number of persons owning property in value above \$5,000,000 is 293; the owners of property valued between \$1,250,000 and 5,000,000 number 1,171 and 14,761 people own property valued between \$500,000 and \$1,250,000. Thus 16,215 persons own property worth \$17,556,544,835 or more than one fourth of all the property, real and personal in the country.

The enemies of protection are very fond of pointing to the unequal distribution of wealth in the United States as one of the results of that system, but they will hardly go so far as to assert that this country is as badly off in regard to such inequality as the above figures show Free Trade Great Britain to be. There are no official returns in America, such as income tax and inheritance figures, that permit an accurate showing of wealth distribution in our country, but there are collateral data which insist in reaching the conclusion that the multi-millionaires do not control so large nor the poorer classes so small a proportion of the aggregate wealth as in the United Kingdom. The rate of wages and the money deposited in savings banks furnish a fair criterion in this regard.

In 1895 the Massachusetts bureau of labor reported that in the twenty-four principal industries of that state the wage scale was 42 per cent higher than the British wage scale. In several other states the disparity in wages is still greater. Mr. Mulhall, the English statistician, gives 42 per cent as the ratio of savings banks depositors in the New England States, while in England the ratio is 28 per cent.

If we extend the comparison to the rate and manner of living which obtains in the two countries fresh reason is found for the conclusion that the more equitable distribution of labor's rewards is to be found in the United States. The striking figures of General Dubois, printed in the American Economist, demonstrate this fact beyond question. They show that in the scale of living there is a wider contrast between America and Europe than in the scale of wages. The difference between the food, clothing, dwellings, comforts, necessities and luxuries enjoyed by the wage-earners of the two hemispheres tells a plain story. It tells that in no part of the world does the laborer fare so well and obtain so liberal a share of the aggregate wealth as in protected America.

MANY ARE ANXIOUS TO GO TO WAR

LOCAL MEN WOULD SERVE THEIR COUNTRY.

Ed Phillips, a Civil War Veteran, Offers Himself—Former Members of Guards and Rifles Will Go—Capt Whiting Ordered to Buy a Horse—Regulars Pass.

Edward Phillips was the first veteran of the civil war to offer to enlist in the Janesville Light Infantry. Mr. Phillips made the offer to Captain Hanson this morning.

Mr. Phillips served through the war with the Forty-Sixth Wisconsin Regiment. He enlisted at the age of fifteen.

Many Other Volunteers

Captain Hanson has received many offers of enlistment, among them being many Janesville Guards and the Bower City Rifles. The surgical examination will be likely to thin out the present company somewhat, and these volunteers will take their places. Enough have already offered to fill the company.

Whiting Under Orders

to enlist and been accepted, as a private.

Regulars Go Through

A regiment of regulars from Montana went south today, going via Afton and not through Janesville. Ed Phillips, brother was a member of one of the companies.

Fred Miner to Join

Former Quarter Master Sergeant Fred S. Miner sends word from Chicago that he desires to enlist.

Equipments Are Ready

The Light Infantry's equipments have been arranged and repaired and are ready for instant use.

No Rules for Examination

Captain Whiting has been ordered to make physical examinations on his own judgment.

EXPECT A BIGGER BUSINESS

Flouring Mills Look for Increased Orders on Account of War

Local flouring mill owners are taking a deep interest in the present war crisis, and not a few of them have an eye to the future.

Grain of late has advanced on different occasions, and flour, it is expected, will take a jump in prices at any time.

Now that war between our country and Spain has begun the mills will be obliged to put on double force. This is the opinion of the millers, and they are ready for the boom.

NOT FOR FRIENDS

Are We To Eat What We Don't Want

A famous physician, in a late article on the subject of health, speaking particularly of the value of good digestion, says:

"Don't eat anything you don't want, even to please your friends."

"Don't be afraid of microbes; they will not hurt you."

"A healthy condition of the stomach makes a healthy skin and a good complexion."

"Learn and practice good habits; they are easy and most pleasant."

"A diet with an eye to acquiring flesh should consist of liquids—milk, water, but not coffee or tea; no hot breads, plenty of butter and cheese."

"Above all, eat slowly and never exercise until half an hour after meals."

Another says: "I have known weak eyes cured by leaving coffee, and hundreds of other cases of nervous troubles like kidney complaints, dyspepsia, liver and heart trouble, and bowel complications directly relieved by the abandonment of coffee and the use of Postum Food Coffee."

The alkaloids of coffee are a serious poison to many people and when one finds disease coming on, it is high time to stop the cause and take some natural food like Postum Food Coffee, which rebuilds the broken down nerve centers all over the human body.

A ten day's trial will prove the facts and furnish great relief to the sufferer. 15 and 25 cent packages at grocers.

A PARTNERSHIP DISPUTE.

THE GAZETTE AGENCY, Mrs. E. D. COON, Manager, Milton Junction, Apr. 23, 1898.

The King's Daughters' entertainment, which was to have taken place Wednesday evening, has been postponed two weeks on account of sickness among the members. It will take place Wednesday evening, May 4 at the P. of H. hall. Mrs. Judge Bardeen and daughter, Florence, of Wausau, stopped over night with her cousin, E. D. Coon and family on their return from the Palmer-Mount wedding at Janesville this week. Dr. G. E. Coon has finished his studies at the medical college in Chicago, and will remain in this place for a time. Jacob Shadel is building a new house south of town. Clinton Chamberlain is doing the work. Mrs. Burt Button has been having the measles the past week. Mrs. Dora Butts, of Delavan, is in town caring for her mother, Mrs. D. E. Thorpe, who has been very ill, but is improving. The first man to enlist for the Spanish war is a nephew of the writer of these items, Oran Stillman, of Lodi. There are others nearer and dearer who desire to enter the service, but whether we are patriotic enough to give them to their country is a question to be settled. Mrs. Oas. Williams and son Glenn, of Albion, visited relatives here Wednesday. C. D. Coon attended the funeral of Erastus Palmeter at Milton Thursday. The Partridge warehouse cleared Wednesday. Lack of help is the cause. Mrs. M. Haggard, who has been in Illinois for some time past, arrived in town Tuesday for a visit. Little Clara Hull, Leta Bulen and Garie Brown are all very sick children with fever and pneumonia. Philipp Sullivan's baby boy is sick. Mr. and Mrs. Crowley have a new baby girl at their home. Mrs. A. D. Frink visited her daughter, Mrs. Fred Burdick, at Janesville the past week. Mr. Finney, of Eagle, visited at Wm. Morgan's Wednesday. Harold Burdick was at Delavan as a representative of the Y. P. S. C. E. last week. "A Trip to Alaska" will start from C. D. Coon's next Wednesday night. Members of the Y. P. S. C. E. will be passengers. All others who desire to take the trip can go; it will not cost a cent.

A little boy asked for a bottle of "get up in the morning as fast as you can." The druggist recognized a household name for "DeWitt's Little Early Risers," and gave him a bottle of those famous little pills for constipation, sick headache, liver and stomach troubles. People's Drug Co.

ARCHIE REID & CO.

A TRAVELING MAN

Gives Some Valuable Hints Regarding the Care of the Health While Traveling.

Mr. R. W. Winchendon, a commercial traveler from Birmingham, whose business keeps him almost constantly on the road, relates in the Sunday News the dangers to health resulting from constant change of residence and the way he overcame the usual injurious effects.

He says: One thing people traveling cannot very well avoid is the constant change in water and food; the stomach never has an opportunity to become accustomed to anything, and in a few years or much sooner the average traveling man becomes a hopeless dyspeptic.

For several years I suffered more or less from indigestion, sour stomachs, headache, distaste for food, often no appetite, gas on the stomach and the usual unpleasant effects of imperfect digestion.

Nearly every traveling man has his favorite remedy for different troubles and I tried all of them with different results. Finally on the train between Pittsburgh and Philadelphia one day, I overheard a conversation between two ladies, one who had suffered severely from indigestion and stated she had been completely cured by a remedy which she called Stuart's Dyspepsia Tablets; I remembered the conversation because it directly interested me; and at the next town I inquired at the first drug store and bought a package for fifty cents and from that day to this I have never been without them. They are pleasant tasting tablets, not a secret patent medicine but composed of vegetable essences, pure pepsin, fruit salts and Golden Seal; being in tablet form they never lose their good qualities like a liquid medicine would, but are always fresh and ready for use.

I carry a box in my pocket continually, and whenever I see any symptoms of indigestion I take one after each meal, and for a year and a half I have not lost a day by reason of poor health and can eat anything and relish what I eat; my digestion is absolutely perfect as far as I can judge from my feelings and although there may be other stomach medicines just as good as Stuart's Dyspepsia Tablets, I do not know what they are. Certainly for people who travel they are far ahead of any liquid medicine, as they are so convenient, they can be carried in the pocket and used whenever needed.

I believe they are sold by all druggists at 50 cents, and believe anyone who will try them will agree with me, that for indigestion and stomach trouble Stuart's Dyspepsia Tablets are unequalled.

"I feel it my duty to give you a truthful statement of what Chamberlain's Colic, Cholera and Diarrhoea Remedy did," writes J. S. Collins, of Moore, S. C. "I had a child about two years old, that had the diarrhoea for two months. I tried all the best known remedies, but none gave the least relief. When this remedy came to hand, I gave it as directed, and in two days the child was completely cured." Sold by People's Drug Co., corner Main and E. Milwaukee Sts.

SOME GOOD TEMPLAR NOTES

Local Lodge Holds Interesting Exercises Program for Installation

The local lodge of Good Templars met in regular session last evening at their hall. One candidate was initiated, Miss Etta Hoague, and a large number of local members were present. Two of our former members were with us again, Mr. and Mrs. George Hanson, of Milton Junction lodge, and all were glad to see them. District Chief Templar J. A. Canniff was also present after an absence of some time in the interest of the order and for the sixth district, over which he is District Chief Templar. Frank Mathews, a member, after an absence of several weeks, is back again.

A very fine program is being arranged for two weeks hence at the open installation of officers. The following will be the order of the exercises:

Paper by Mrs. George I. Stratton. B. marks by Geo. Hanson, of Milton Junction lodge.

Remarks by District Chief Templar J. A. Canniff.

Remarks by Mrs. C. O. Yates.

MAKING MUSCULAR MEN.

Y. M. C. A. Athletic Classes Promise to Be Successful.

J. Merle Davis, physical director of the Y. M. C. A., presided over his first evening gymnasium class in this city last night when he took in hand a number of the business men of the city. Mr. Davis reports that the work was satisfactory, and that much interest is being shown in all branches of the work.

Just as soon as the weather permits the working of the track, a base ball game will take place at Athletic park. Plenty of good athletic material is reported in the local ranks, and some surprises are in store for the public.

STUDENTS ARE PATRIOTIC.

University Boys Anxious to Take a Shot at the Spaniards.

Clarence Rowe, son of Registrar of Deeds and Mrs. C. D. Rowe, is home from the state university, where he reports plenty of excitement among the several hundred students as the result of the present war crisis.

Several members of the university militia company are more than anxious to go to the front in case their services are needed. Many of them are well posted in military tactics.

Several of the young ladies of the university have interested themselves in the militia, and not a few would go as nurses.

SORES

On His Leg Twenty-seven Years Cured by

SEPTICIDE

"While in the army with the 54th and Vols. sores came on my leg from the knee down, and much of the time since that I have been able to walk only with crutches. I have tried almost every remedy which friends suggested, but never struck the right remedy until about three weeks ago, when by the advice of our druggist, Goddard & Watson, I commenced the use of "SEPTICIDE." I took it internally and kept the sores wet with it four or five times a day. I am now happy to say, that I am entirely cured, and my leg is as sound as ever.

THOMAS MOLTER, Chippewa Falls, Wis.
We are acquainted with Mr. Molter, and know that "SEPTICIDE" cured him. GODDARD & WATSON, Druggists.
